Welding- Sheet Metal Capabilities Sheet

***Our welders are certified to stringent AMS-Std-1595 Specifications.
The certification is **THE standard for Aircraft, Missile, Aerospace and Government applications.*****

Our Welders are certified for the following: Steels

Over **100** types of steels including 4130, 347, 308, 318, 410, 304, 17-4, Custom 455, 450, Hasteloy, Inconel and more

Aluminum

All types which include: 1100, 2014, 6061, 5154, 3003, 2219, 5052 356 and more

Titanium

All types which include: 9046, Ti-6Al-25-4Zr-6Mo Ti-8Al-1Mo-1V more including all grades And "Types" of Titanium

Fusion Welding All fusion T.I.G. welding is done to [AMS-STD-1595](#) and [AMS-STD-2219](#)

Resistance Welding: Spot, Stitch and Seam welding is done to [MIL-I-6858 Class B](#)

Other Capabilities and Our Sub-Contractors

Designs of storage units, Engine teardown containers and ground equipment, 100% custom to YOUR needs!

Complex metal forming, Sand and Glass Bead, Pressure Washing, Chrome plating,
Polishing and Painting X-Ray, Magnafux, Dye Penetration, other Non-Destructive Testing.

***“Please call with ANY of your Welding or Sheet Metal Fabrication needs,
From Aerospace to Landscapers, No job is too small!”***

General Air Inc. Family owned and operated since 1989
